

# DONELLI

CORROSION PROTECTION  
APPLICATIONS SINCE 1911

**INTERNAL LINING** and **EXTERNAL COATING**,  
**INSULATION** and **PASSIVE FIRE PROOFING**  
of valves and actuators

[www.donelli.it](http://www.donelli.it)

Donelli, established in 1911, has built an unparalleled knowledge and experience to deal with every protective coating project of equipment, systems and structures for energy, Oil & Gas and food industry in compliance with environmental, quality and safety standards.

The applications are performed not only on site but also in 4 modern blasting and painting facilities.

We offer valves and actuators manufacturers a one-stop-shop solution, thanks to:

- Large range of applications and services, in continuous development;
- NACE/FROSIO/CORRODERE – Certified inspectors
- ACQPA qualified applicators, required, for instance by Total
- Geographical proximity, thanks to 4 painting facilities in Italy: Cuggiono (MI), Voghera (PV), Ravenna and Brindisi;
- Management of clients' coating facilities (dedicated brochure available)
- Ability to handle heavy/oversize items.

2019 consolidated figures: Annual turnover: € 35 million - Direct employees: 250

## Certification and qualification

more details on [www.donelli.it](http://www.donelli.it)

12 NACE inspectors

6 FROSIO inspectors

35 ACQPA applicators

1 CORRODERE  
insulation inspector

## External coating of valves and actuators

polyurethane coatings  
for buried valves

epoxy coatings  
for subsea valves

epoxy / polyurethane coatings  
for buried valves

coating of actuators

silicone based coating

metallization (TSA, TSZ)

polyurethane coatings  
for subsea valves

FBE + PP/PE systems

# Valves internal lining

food grade linings

high-temp  
epoxy-phenolics coatings

FBE (Fusion Bounded Epoxy)

reworkable lining

heat - curing coatings

polyester coatings

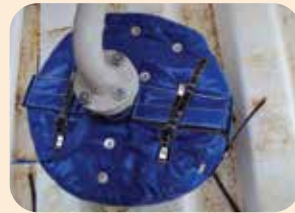

Säkaphen systems

# Insulation and passive fire proofing

pre-cast fire  
proofing protection

passive fire proofing  
flexible jackets

insulation

# Inspection, consultancy and extra services

Packaging in cooperation with Tecno Imballi, dedicated brochure available

storage & custom services

technical training  
and publications

joint R&D  
projects

management of  
clients' coating facilities

inspection and testing with  
NACE/FROSIO/CORRODERE inspectors

laboratory tests

preparation of coating  
specifications

packaging

handling of pieces with  
weight up to 150 tons

# Our coating facilities

 **DONELLI ALEXO** S.r.l.

Italian licensee:  Approved partner of: 

**Cuggiono Painting Facility:**

Via F. Somma, 64 - Cuggiono (MI)  
tel.: +39 02 97240792 - Email: trisolino@donelli.it
